Lakewood has had a Clean-up Day. Tin cans and unsightly rubbish were hauled away, back yards were raked, trash burned and according to the Lakewood Progress "the town looks fifty per cent. better." What's the matter with Estancia doing likewise? Does anyone know why we shouldn't?

The annual meeting of the Bureau of Immigration will be held at the Secretary's office in Albuquerque towards the end of this month. The Bureau has done very efficient work for the whole territory, especially during the past year. Secretary Hening has carried on a campaign of advertising in several of the eastern magazines and papers, which has turned a large number of good people toward the land of Sunshine. In connection with this advertising he has published a Bulletin monthly giving among other things a list of the names and addresses of some of the people who have asked him for definite and reliable information concerning various portions of the territory. This bureau of Information has given out reliable information in detail to homeseekers, from the crowded eastern states, who, if they are ever to own a home, must come west. It is hoped that the work will not be curtailed, but that it will be pushed with greater activity, and that the funds will not be lacking with which to carry on the work. Bankers, real estate dealers and businessmen generally have contributed to the Publicity Association to push the good work. These should feel encouraged over the work thus far accomplished.
